

Finullgarn

Kardegarn av ren ny ull. Finull har størst fargespekter, og gir deilige lette og myke plagg ved flittig bruk. Det er godt å strikke av og egner seg godt til toving. Finull er 2- trådet (og leveres i 50 g nøster i 1 kilos pakker.) Enkelte farger lagerføres på 1 kg spoler; vokset og renset. Egner seg godt til strikking og veving.

175 m - 50 gm. (191 yards). 26 sts in 4"/10 cm on US 2.5/3.0 mm. 100% Norwegian wool This is the yarn that is sold in the Husfliden stores in Norway. The Husfliden shops, established in 1891 as a "made in Norway" store, has come to represent quality and authenticity for Norwegians and travelers alike. Fingering weight . 50 gm. 175 m. Finullgarn is made in Norway of Norwegian wool. It is used in finer, traditional stranded knitting. It is worsted spun, which means the fibers are mostly in alignment. This style of spinning reflects light well, giving the knitted garment vibrancy and durability. Many Norwegian sweater and mitten patterns specify Finullgarn. 26 sts/4 inches (10 cm) US 2 (3.0 mm) 1.75 oz/191 yds; 50 gm/175 m 100% wool. Made in Norway.
